

Through the below link or clicking on git image you can check my repositories in github

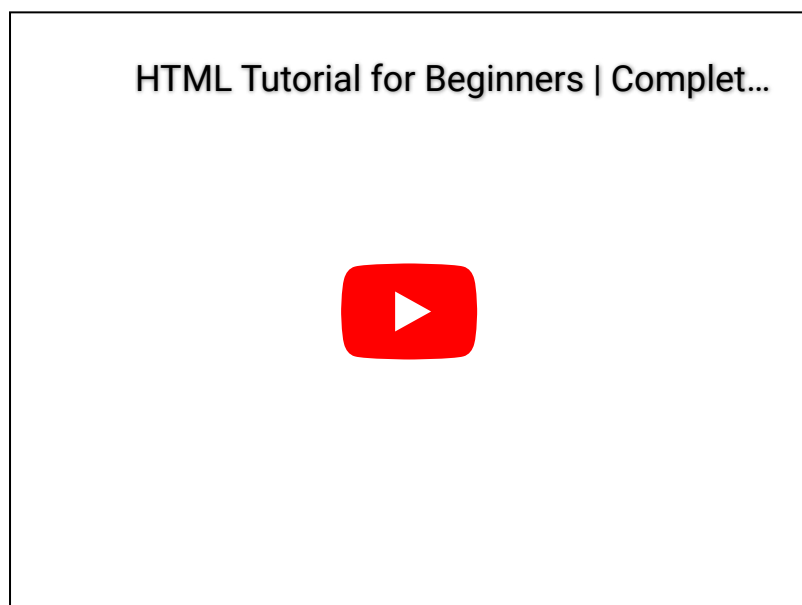

[My repositories](#)

These are the topics that I have explored day wise:

1. Day 1
  - Html Basics
2. Day 2
  - Html Attributes
3. Day 3
  - Webpage Layout
    - Using following tags
      1. Semantic tags
      2. Non-Semantic tags

Through the below video I have explored **HTML Language**

### Marks of Students

Name	Marks	Subjects
Fahimida	89	Maths Science
Fahima	99	Maths Science

### Registration Form

Enter Name:  Enter Date of Birth:

Enter Class:  Enter School Name

☐ Female ☐ Male

Select the interested Domain

☐ Software Development

☐ DevOps

☐ MLOps

☐ AIOps

Enter Village:  Enter District:

Choose the State:
